

# ADA Accommodation Request form

ADA & ACCESSIBILITY SERVICES

Office for Civil Rights Compliance and Prevention
Education (CRCPE)

220 Gilbert St. Suite 5200 Blacksburg, VA 24060
540-231-1048 | phone 540-231-2990 | fax
adaaccess@vt.edu

### What is the ADA accommodations interactive process?

- 1. An accommodation specialist will review the returned documentation and your position description, determine reasonable accommodations and confirm those accommodations with the employee.
- 2. Once the specialist receives confirmation from the employee, the specialist would ask for concerns from the supervisor or accommodation designee.
- 3. If the supervisor has no concerns, an authorization letter for the accommodations will be sent out to you, your supervisor and a Human Resources representative for your department (if any exists).
- 4. If the supervisor has concerns where the accommodation would present undue hardship, the specialist will reach out to you to discuss alternative reasonable accommodations.

Your medical information during this process is kept confidential and is only shared between you, the ADA case manager and the accommodation specialist assigned to your case.

#### What are the employee's responsibilities when requesting an accommodation?

- 1. Engage in the interactive process with ADA and Accessibility Services.
- 2. Obtain relevant medical documentation from the medical provider and providing the medical documentation to ADA and Accessibility Services.
- 3. Must be able to perform all the essential functions of their position with or without reasonable accommodation.
- 4. Adhere to the accommodations authorized through the interactive process.
- 5. Provide ADA & Accessibility Services with an updated Medical Information Request form if there is a need to renew a temporarily authorized accommodation or review a current accommodation.
- 6. Notify ADA & Accessibility Services if the authorized accommodation is not effective.
- 7. Notify ADA & Accessibility Services if the authorized accommodation is no longer needed.
- 8. Notify ADA & Accessibility Services if there is a change to their supervisor or position.

# ADA and Accessibility Services

## Authorization to Receive Medical Information from Treating Health Care Professional

This form will be used by Virginia Polytechnic Institute and State University ADA and Accessibility Services to determine whether this employee qualifies for accommodations under the Americans with Disabilities Act.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. "Genetic information", as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
